Use of car park for carnival	<p>Ken reported that Sharon did get a phone call on carnival day from someone asking to get in. He said he just wanted to park his van there as he had done previously, and his stall was around the corner. He said the person who normally sets up in the car park had paid the Carnival committee for the space but had decided not to attend this year, but was likely to return in future. Ken to contact the carnival committee to clarify. We are prepared to help, but would like payment up front for hiring our car park for a food van.</p>	<p>KE</p>
